

## **ASCE HOST-A-STUDENT DINNER**

Hosted by Portland State University

**DATE:**            Tuesday, November 18<sup>th</sup>, 2008

**PLACE:**            Lloyd Center Doubletree  
1000 NE Multnomah, Portland, OR 97232  
*Vouchers are available for free parking in the Doubletree garage*

**TIME:**            5:30 pm Check-in & Social, 6:30 pm Dinner, 7:30 pm Presentation

**Dinner is FREE:** You will be sponsored by an engineer

**RSVP by:**        Tuesday, November 11<sup>th</sup>, 2008

**SPEAKER:**      Leah Robbins and Meghan Oldfield from Tri-Met

**PROGRAM:** Don't miss this opportunity to meet Civil Engineers! This is a great chance to introduce yourself to engineering companies. In addition to a great networking event, the Host-A-Student Dinner will also include a presentation on the new Tri-Met MAX Green line.

Portland's transportation system is expanding. Tri-Met is extending the light rail service along the I-205 corridor to Clackamas Town Center, and is building an extension line in the middle of downtown that will connect Union Station to Portland State University along 5<sup>th</sup> and 6<sup>th</sup> Avenues. The I-205 corridor and the Portland Mall each provide unique operating environments, design challenges and construction methods that will ultimately result in a larger and more accessible public transportation network in the Portland-Metro area.

**QUESTIONS and RESERVATIONS:** Contact Olivia Crichlow-Weick (PSU) at [asce@cecs.pdx.edu](mailto:asce@cecs.pdx.edu) or [kcrichlo@pdx.edu](mailto:kcrichlo@pdx.edu)
